Relevant Team Experience

dahliaOS – April 2020 to present

- I contributed to the calculator and clock apps, desktop, and website.
- I helped recover and protect the project's code after a rogue contributor sabotaged it.

Relevant Projects

Bodacious – Started in March 2022 ([Play Store](#))

A cross-platform MP3/FLAC music player written in Dart and Flutter that lets users pick where their music comes from.

- I built responsive UI.
- I integrated with Last.fm and use Spotify to complete library information.

LucidLog Dream Journal – Started in May 2021 ([Play Store](#))

A dream journal app that grows with its user.

- I set up a database switch which happened on end-user devices.
- I have optimized the app for less-capable devices.

OBS Scorer Client

- I rewrote the entire project from scratch, from several outdated frameworks into Flutter.

Job History

Harris Teeter – Produce Clerk, Sep. 2021 to Present.

Education

Middle Creek High School
in Apex, North Carolina –
2017-2021
